RER – Resting Energy Requirement

- Measure of the amount of energy needed based on animal's metabolic body size

Formula:

$$\text{RER} = 30 \times \text{BW}(\text{kg}) + 70$$

SAY NO

Expressed in kilocalories JACKS.

A cookie or a piece of cheese may seem like a little treat to you, but it's like a whole meal for your dog. Too many snacks add up fast. Avoid unhealthy snacks and table scraps, especially if you're trying to help your dog maintain a healthy weight.

SNACKS Fed to a 20-lb dog	Human Caloric Equivalent*	
	Number of Hamburgers	OR Number of Chocolate Bars (2oz.)
 1 small cookie =		
 1 oz cheddar cheese =		
 1 hot dog =		

*An average woman

SNACKS Fed to a 10-lb cat	Human Caloric Equivalent*	
	Number of Hamburgers	OR Number of Chocolate Bars (2oz.)
